Allowable Subject Matter

Claims 24-51 are allowed.

The following is an examiner's statement of reasons for allowance: The above claims are allowable over the cited prior art at least because none of the cited prior art shows or fairly suggests the parallel arrangement of the coating sections recited in independent claim 1. As convincingly argued by the applicant in the response filed on 2-11-2004, where the closest cited prior art, EP'876 discloses plural coating sections arranged in series (see the arguments, page 14, last paragraph for example, whereas, the instantly claimed arrangement, where the coating lines are arranged in parallel beside on another allow for increased flexibility in plant operation, as discussed in the arguments, pages 11-15 for example.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Scott Kastler whose telephone number is (571) 272-1243. The examiner can normally be reached on Monday through Friday.
